

# RecessedMount Shallow - Assembled Fixture

Compact and recessed fixture. The edges on each side of this fixture allow for a recessed installation, while having style with its discreet and neat appearance.

### Features

- Allows recessed installation (in 3/4 in. groove).
- Designed to meet North American woodworking standards.
- Made of ALCOA 6063-T5 aluminum alloy increasing heat dissipation.
- Compatible with multiple installation accessories.
- Only available in North America.

<sup>A</sup> Lumen values represent bare LED tape without any optics. Refer to page 2 to calculate lumens for each optic option by using the light efficiency percentages.

<sup>B</sup> The given data are typical values. Due to tolerances of the production process and the electrical components, values for light output and electrical power can vary up to 10%.

## Technical Details

### CLEAR

96.5% light efficiency

**Visible dotting**  
CCT decrease 65 K

This basic lens protects your tape and maximizes light output.

### SPREAD

95% light efficiency

**Visible dotting**  
CCT decrease 65 K

With its integrated prismatic grooves this lens scatters the light and increases the beam spread to better light nearby objects.

### SEMI-OPAL

85% light efficiency

**Slight Visible dotting**  
CCT decrease 130 K

This lens reduces glare and softens light cut-off while maintaining high brightness.

### OPAL

50% light efficiency

**Dot free**  
CCT decrease 215 K

This lens provides dot free illumination and a homogenous line of light.

### PRIME

85% light efficiency

**Dot free**  
CCT decrease 130 K

This lens reduces glare and softens light cut-off while maintaining high brightness.
