

24V, IP67 protected and IK10 certified, linear LED luminaire for indoor and outdoor in-ground installation. Suitable for installation into roads and parking lots according to EN 60598-2-13. The product can be walked on and traversed by vehicles with air filled tires including trucks used for delivery. Polyurethane encapsulation offering a premium water proof sealing, UV resistance, chemical stability and protection against abrasion. Stainless Steel V4A housing delivered with male/female IP67 connectors. Available either with an opal top layer or translucent with an internal 10° and 30° optics for wall grazing. Light source assembled using state of the art automated Reel to Reel (R2R) production process supporting LED Linear™ Tj Away® thin flexible circuit board technology. Outstanding lifetime of >60,000 hrs L80/B10 for static white/tunable white and >30,000 hrs for RGB. Embeds high quality LEDs with 3 step MacAdams (SDCM3) binning centered on target CCT (One Bin Only) with an extended photometric code of Wxxx/339 ensuring exceptional color consistency over the rated lifetime. Premium color rendition with CRI up to 95 and TM-30-15 up to $R_f = 91 / R_g = 101$. Consistent light intensity all along the luminaire length. Fully dimmable. Engineered and produced in Germany.

^a CCT Tolerances occur in IP67 products due to the encapsulation of the fixture.

^b The given data are typical values. Due to tolerances of the production process and the electrical components, values for light output and electrical power can vary up to 10%.

^c Measurements are done using 30° optic. Opal optic decreases light output by 75%.

Mounting Accessories

Item	Description	Dimensions	Order Code
	Oceanos IP67 End Cap Mounting Kit Recommended end cap accessory for easy disassembly and maintenance.	—	11000226
	Oceanos IP67 Disassembly Tool Use to take the fixture out of the inground mounting frame.	—	13100031
	Oceanos IP67 Mounting Frame - Short (90mm) Stainless Steel Mounting frame. Required for product installation.	520mm x 90mm 1020mm x 90mm	10000541-L520 10000541-L1020
	Oceanos IP67 Mounting Frame - Tall (125mm) Tall, Stainless Steel Mounting frame for deeper installations. Required for product installation.	520mm x 125mm 1020mm x 125mm	10000578-L520 10000578-L1020

Cables and Connectors

Item	Description	Model	Dimensions	Order Code
	Oceanos Female Connector IP67 Use to run cable from the driver to the first fixture of the run or to the next fixture. Female connector on one side and open end cable on the other side.	Static White / Tunable White / RGB	4 x 23 Awg, 20 in	15000127
	Oceanos Extension IP67 Use to extend the distance between connection points. Female connector on one side and male connector on the other side.	Static White / Tunable White / RGB	4 x 23 Awg , 16.5 ft	11000116
	Oceanos Female Protection Cap IP67 Use to cap and seal the unused end of the cable before starting the inground installation. Required to maintain IP67 grade.	Static White / Tunable White / RGB	—	18200066
